Work is coming along on our NAIDOC mural. Students in years 7-10 are producing an artwork that reflects this year's emphasis of NAIDOC which is 'sacred land'. It is progressing well and should make a strong visual impact.

SUMMIT 8000 - THE LECTURE TOUR

Former Wagga resident, Andrew Lock OAM, is Australia's most accomplished high altitude mountaineer. He is the only Australian in history to reach the summit of all 14 of the world's 8000 metre mountains, including Mt Everest twice.

To celebrate this achievement and the release of his thrilling new book SUMMIT 8000, Andrew is conducting a national audio visual lecture tour in which he shares a gripping account of all his death-defying sieents.

Don't miss your change to meet Andrew and be inspired by his victories, the near-misses and the great tragedies. The intense human drama of the expeditions infuses the book and his presentations—sometimes funny, sometimes fierce and always fascinating stories about extraordinary human fortitude and perseverance, climbing myths and mountaineering politics. The remote and stunning landscapes and cultures which Andrew encountered on his journeys add rich texture to his tale.
